

ANTARCTIC RECORD No. 77

CONTENTS

Scientific Papers

- Paleomagnetic investigation of McMurdo volcanics, Antarctica
..... *Minoru Funaki*..... 1
- Paleomagnetic investigation of Ferrar dolerite in the McMurdo
Sound region, Antarctica..... *Minoru Funaki*..... 20
- Surface distribution of chlorophyll *a* along the course of the FUJI
(1980/81) in the Southern Ocean
..... *Kentaro Watanabe and Yasushi Nakajima*..... 33
- Some observations on the feeding activity of Antarctic krill in the
Indian Sector of the Antarctic Ocean
..... *Shozo Sawamoto, Tsukasa Kikuno,
Junichi Sugai and Yuzo Komaki*..... 44
- Study on variations in the normal microflora of the pharynx and
the serum immunoglobulins in members of the 21st Japanese
Antarctic Research Expedition 1979–1981 (in Japanese)
..... *Ikuo Ogawa, Akira Ishibashi and Teiko Ishibashi*..... 55

Reports

- Activities of the wintering party of the 21st Japanese Antarctic
Research Expedition in 1980–1981 (in Japanese)
..... *Sadao Kawaguchi*..... 69
- Activities of the summer party of the 22nd Japanese Antarctic
Research Expedition in 1980–1981 (in Japanese)
..... *Hiroshi Fukunishi*..... 93
- Utilization of snowmobiles for Antarctic meteorite search of the
20th Japanese Antarctic Research Expedition (1978–1980)
(in Japanese)..... *Jiro Yoshida*..... 111
- Core drilling at Syowa Station, Antarctica (in Japanese)
..... *Katsutada Kaminuma*..... 134
- Preliminary report of glaciological study at Brunt Ice Shelf near
Halley Base, Antarctica in January 1982..... *Yoshiyuki Fujii*..... 144
